VOL. VI, NO. 19 — LAFAYETTE — ORINDA CALIFORNIA — FRIDAY, JUNE 25, 1948 — 5 cents

Church Groups to Meet Monday to Plan Building Fund Campaign

Members of the Board of Trustees, Building and Finance Committees, and Church Council of Orinda Community Church have been called together for a meeting on Monday to plan with Rev. George Dowey for the building fund campaign to be conducted in September.

Pressing need for space in which to house the activities of its overflowing Sunday school and community activities which will center in the buildings next Fall have led to the need for early erection of additional quarters.

Special expansion of pre-school enrollment has been noted by Rev. Fred Morrow, who states that the building committee is pushing plans for immediate building of a kindergarten unit almost as large as the present church hall.

The September campaign will be for the purpose of underwriting completion of this first new unit and a second designed for primary and intermediate grades.

"The large increase in child population in Orinda makes it essential that added space be provided for their Christian and character education", is the conviction of Building Committee chairman William Penn Mott Jr.

Lions vs. Lions; Listen to Them Roar Friday Night

The Lafayette Lions will battle the Orinda Lions in a game of softball Friday evening at Acalanes Field at 6:45.

Captain Lou Borghesani of Lafayette has announced his starting battery of Sutton and Robertson but will not name the rest of his lineup until Friday night, probably for security reasons.

Vance Reynolds of Orinda is making doubly secure and has made no announcement of any kind, although it seems certain that demon Joe Navone will play his usually uncertain game for the Orindans.

The game Friday night is the first resumption of a noisy rivalry between the two clubs since before the war, when the boys put on the most amazing exhibitions of inept baseball and could be heard for miles around.

HERE THEY ARE — the No. 1 Cub ball team of Central Contra Costa County — the Orinda Cub Pack 32. John Conley received the coveted trophy from John Shockley, boy scout official, after the Orinda lads whipped Walnut Creek 5 to 0 at Acalanes June 19. Pictured left to right are Don Morrow, John Spiegl, Peter Amdisen, Coach J. E. Neighbor in back, Raymond Orr, Bob Neighbor, Ed Neighbor, Mr. Shockley presenting cup, Morley Farquar and Peter Altieri III. (Sun photo by Thain).

Residents of Irvine Drive Protest Change of Name

Following a protest by the Glorietta Improvement Association, the County Board of Supervisors Monday postponed a hearing on Donald L. Rheem's request to rename Irvine Drive and the unnamed extension, to "Rheem Boulevard."

On motion of Supervisor Ray Taylor, the hearing will be continued to Monday July 12 at 10 o'clock.

On May 17, when Rheem's request was presented to the Supervisors, the hearing was set for June 21. When the Board opened its meeting Monday, Raymond H. Wulfert of 62 Irvine Drive handed a protesting letter to the body.

The letter signed by N. S. Dodge Jr., president of the Glorietta Improvement Association, said, "At a meeting of the Association on May 27 it was the unanimous decision of those residing on Irvine Drive that the present name be retained. These residents are at a loss to understand any real reason for such a change and insist on a full hearing to discuss the subject at an early date, but after due notice has been given.

"This Association, of which the above mentioned residents of Irvine Drive are members, supports their position and hereby files a formal protest with your official body and urges that no action contrary to the interests of these residents be taken without full and detailed hearing," the letter concluded.

Mr. Wulfert discussed the question with Supervisor Jack Cummings before the meeting and it is understood that Cummings agreed to ask for a postponement.

R. M. Clendenin To be on General Staff of Army

The R. M. Clendenins of La Cuesta Road will move to Washington, D.C. in the near future.

Clendenin has accepted a commission of Lieutenant colonel in the regular army and will be attached to the General Staff in the Logistics Division in Washington. He will leave Saturday and will send for his family when he locates a residence for them.

The Clendenins have been active in civic affairs since they moved into Orinda in 1941. Mrs. Clendenin has held the post of president of the Orinda Mothers Club and her husband has been secretary of the Orinda Republican Assembly.

Park Pool Mighty Busy These Days

The Orinda Park Pool has been one of the better populated recreation spots within the last few days of the current warm weather. According to officials, the pool has been jammed beyond all expectations.

A dance will be held for members only tonight at the pool, at 8 o'clock.

Lifeguard Don Bell started swimming classes Tuesday and they are divided into age groups and various classes of accomplishment. Lila Murphy began her ladies exercise classes yesterday at 10:30.

Mott Supervises Centenniel Exhibit

Orindans are proud that it is their William Penn Mott Jr. who is transforming City Hall Plaza with his clever planting into a replica of Sutter's Mill with its tail race and mill wheel through which water will realistically flow and of the Bear Flag and a state map, all designed in flowers. This beautiful and interesting project is a California Centeninal exhibit.

Football Star Sued After Crash By Two Co-Eds

Suit was brought against George Lagario, frosh football star at St. Mary's, this week by two California co-eds who were injured when his speeding car crashed into theirs on the Moraga Highway three miles East of Orinda Junction.

Named as co-defendants in the $215,674 suit were his parents Mr. and Mrs. Anthony Lagario of Bay Farm Island. His parents certified his driving license and owned the car he used.

Jane E. Greenwood, 21, of Piedmont, asked $109,468 damages. Miss Greenwood is the daughter of George M. Greenwood, Rheem Manufacturing Company executive. She suffered permanent scars, knee, wrist and arm injuries and extreme shock.

The other victim, Roberta De Velbiss, 22, of Piedmont, demanded $106,706. Daughter of Dudley De Velbiss, bay area construction contractor, Miss De Velbiss suffered disfiguring scars of face and head and a leg fracture, concussion and chest injuries.

Melvin Coppa, 25, also a Gael football player, suffered injuries along with Lagario.

Country Club Sets Annual Golf Meet

The Orinda Country Club will host its Fourth of July Invitational Golf Tournament again this year with the first qualifying round being played Saturday.

The defending champ is Tal Smith of Alameda, a well known golfer in the Bay Area and popular choice to repeat his performance. Other aces in the area who will compete are Bill Higgins of San Francisco and Bobby Roos Jr., the runner-up last year. Incidentally Bobby was the runner-up in the recent Stanford matches.

The turnout will be large this time with about 150 invitations being sent out. The schedule for the play starts with the first round July 3, second on July 4, third on July 10 and finals on July 11.

Announce Orinda Cub Committee

Pack 32's new 1948-49 committee was announced recently and is as follows:

John Barchfield, chairman; Nat Dodge, assistant chairman; Richard Moore, secretary; Dan Peacock, treasurer; Al Meyer, Cubmaster; Joe Long and Haywood Gathings, assistant cubmasters; Ken Hauter and Paul Holmes, training; Bob Clough, publicity; Austin Little, properties; Don Kratz, membership; and Bob Harrison, Den advisor.

These men with considerable help from the den mothers will direct the Pack 32 program and activities for the next year. This year's committee and den mother work was voted outstanding.

Orinda Explorer Scouts Leave Monday For Trip into Canadian Lake Lands

The Orinda Explorer Scouts of Post 300 will be off to their much anticipated trip this coming Monday. Seven scouts and their advisor will stock 4000 feet of color film to fill one of the purposes of the trip — making a motion picture of modern adventure.

Their travels will take them through the back country of British Columbia, Crater Lake, Mt. Hood, Bonneyville Dam, Portland, Seattle and Vancouver.

The real trek will begin when they start up the Fraser River and along the route of the Argonauts.

Then the boys will hit the heart of the old Mother Lode country in the Cariboo Mountains. They will paddle some 200 miles before returning to cars.

The trip will cover approximately 4000 miles.

The boys will do all their own repairing of equipment and many of them will be making reports of their own, pertinent to scouting, with an eye towards future advancement in grade in the B.S.A.

Robert Reddings On Honeymoon

The Robert A. Reddings have joined the honeymoon colony at Yosemite after their recent wedding.

The couple recited the nuptial vows at the Northbrae Community Church with the Rev. Lawrence Cross reading the double ring ceremony. Charles K. Owens escorted his daughter down the candlelight aisle where Robert waited with his best man, Gary Lundberg.

The bride's gown was fashioned with a full skirt and net yoke and long scalloped veil and traditional bridal bouquet.

The maid of honor, Beverly Low and the bridesmaids, Betty Black and June Felix wore pastel gowns. Guests were ushered to their places by David Bernardy and R. Krajar.

Robert is the son of Mr. and Mrs. A. B. Redding. Mrs. Redding is associated with the Orinda Store

Western Dance at Oak Springs Club

The Oak Springs Home Association will hold an informal western dance for members and friends at the Oak Springs club house tonight at 8 p.m. The dance will be strictly informal but members do not have to be western clad to go.

The Oak Springs pool has been open three weeks now and members have enjoyed it in the current hot weather. The open hours for the pool are 8 to 10. Ralph Tibbetts has been appointed the new caretaker for the pool and club house.

Study Junior Golf Classes Sat. Morn.

A questionnaire has been sent out by Pat Patten of the Orinda Country Club golf course to determine if there is enough interest to form a junior golf class on Saturday mornings.

Patten has hopes that there will be a large enough turn-out in the summer months to promote some good group instruction. Pat also pointed out that golf is one game and form of recreation that the children can take through life with them.

School Program Tonight at Church

Closing of the two-weeks Summer vacation school conducted since June 14 at Orinda Community Church will be marked tonight by a program given by members and leaders of the school at 8 o'clock.

Parents and friends of school members will hear some of the songs and Biblical material learned in the session, with a demonstration of audio-visual methods used, and will see an exhibit of objects made by the boys and girls in their craft propects.

An opportunity will be offered to contribute to the expense of the school, which is the first to be held in the church's new hall on Irwin Road adjacent to the Orinda School.

Elkintons Start Building Home

The Fred Elkintnos have started building their new home on acreage between Miner Road and Honey Hill Road.

They bought this part of the old Cotton Ranch about eight years ago and immediately set out fruit and nut trees. These trees are now of bearing size to surround their new home.

A large vegetable garden is growing lushly on the fertile loamy soil that has an enviable lack of any adobe in it.

The Elkinton home on Ardilla has been bought by a contractor who will remodel it and then put it up for sale in a few months time.

8th Psalm Sermon At Church Sunday

Continuing the new Summer schedule of joint Church and Sunday school services, the Orinda Community Church congregation will gather at 10 o'clock Sunday morning for worship, with a sermon on the 8th Psalm by Rev. Fred R. Morrow, the minister.

There will be a story for the children, who will adjourn for classes following the opening half-hour. Forrest Honnold will direct the choir in Gounod's "Ave Maria" as an anthem, with Mrs. C. P. Baker at the console of the organ.

Seven to Leave For Fellowship

Seven Orinda young people, members of Community Church's Youth Fellwoship, leave tomorrow for Sonoma County, to attend the East Bay Pilgrim Fellowship camp at the Church conference grounds six miles north of the village of Cazadero.

Directed by the Rev. Richard Norberg, minister of Eden Community Church of Hayward, the camp will gather some hundred high school age youth for a week of comradeship around common religious and recreational interests.

Orinda young people who will be attending are Jim Jacobus, Frank Tieche, Shirley Daniels, Nancy Tinkham, Karen Tynes, Shirley McAninch and Daryl Broderick. Counsellors of the local group are Mr. and Mrs. Fred Twining.

Big Field Day for Kids This Friday At Lafayette and Orinda Schools

This Friday is the big day. Prizes, surprises, contests and fun for all boys and girls.

Another grand Field Day will be held for all the young folks of the area:

IN ORINDA at the Grammar School at 10:30 sharp.

IN LAFAYETTE at the Grammar School playground on Moraga Road at 1 o'clock.

Bring the Jet Thunderbolt planes you've won . . . and the Daytona Miniature Racers and the Aero-Hop pogo sticks. There'll be prizes in each class.

You can enter the contest for the best maneuvering of the Jet Thunderbolt, to be based on take off, speed in air, maneuverability and landing.

RACING CONTEST

Plan to enter the miniature racer contest — It'll be a straight-away race on cement, so practice winding them up and racing them.

Everybody who has an Aero-Hop or can borrow one may enter the pogo stick competitions — races, broad jump, tag.

And there'll be a world championship pogo stick match between Frank Birch and Jimmy Gomez, two San Francisco aces. You won't want to miss this one.

TRICK RIDING

Frank Birch will again demonstrate his prowess on the pogo stick, riding it with only one leg and no hands. He'll do lots of other tricks, too. Frank will be joined by other pogo stick riders to present a thrilling show.

Remember, you can win one or all of these prizes by selling subscriptions to the Lafayette Sun or Orinda Sun. Get to work now, so you can enter the contests. (Detailed information will be found on the inside pages.)

Subscriptions to the Walnut Creek Courier-Journal are also good for prizes.

TURN IN NOW

All boys and girls are asked to turn in their subscriptions as soon as possible, so new subscribers may get their papers. If you're trying for a pogo stick, turn in your subscriptions even though you haven't finished selling your four.

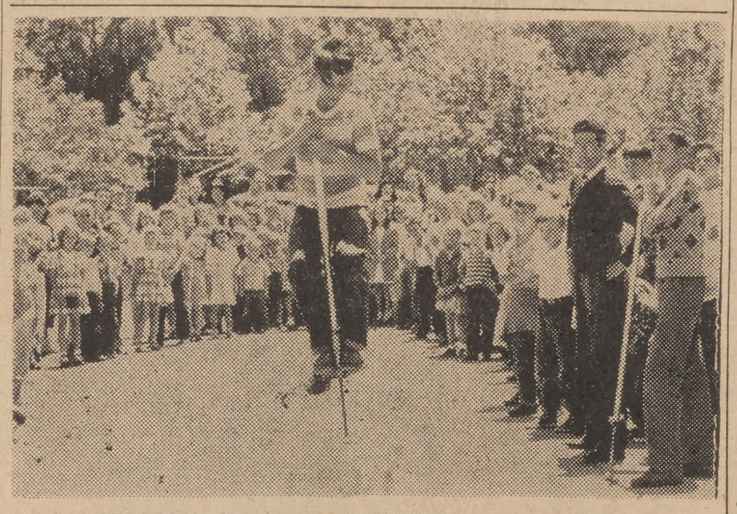
Take your blanks and money for NEW subscriptions to the Village Baby Shoppe in Orinda Village or the Lafayette Sun office on Moraga Road, Lafayette.

BERKELEY LUNCHEON

Mrs. Murray Groves, Frances Groves, and Mrs. Chester Brown were entertained at a luncheon in the home of Mrs. Warner Towne of Claremont Ave., Berkeley. The elders in the afternoon enjoyed the solos of Frances, accompanied by Mary Towne, an accomplished musician.

TO NEW YORK

O. A. Carlson flew to New York last Friday on business and was to return sometime this week.



BILL STIRTON OF LAFAYETTE takes a broad jump on his Aero-hop pogo stick, while hundreds of kids look on during the recent Orinda-Lafayette Field Day. Stirton won several prizes. Walnut Creek's Field Day was held last Saturday. Contests, prizes and fun are promised at the Lafayette Sun and Orinda Sun Field Day this Friday — Orinda Grammar School at 10:30 and Lafayette Grammar School at 1. (Sun photo by Stanley Burton.)

Mrs Manasse now In Orinda Store

Orinda Village is happy to welcome back Mrs. Myra Manasse and her gift shop, which is now located in the Orinda Store.

She formerly was located in the Orinda Theater building. Gifts are displayed on the modern-designed shelves and tables and Mrs. Manasse is greeting her old friends again.

What Do You Think of This Idea?

"Do you think the people of this area would be interested in some kind of an outdoor program, say once a month or every other week during the summer months? For example a musical program?"

This is the question our wandering reporter popped to a few residents of Orinda and Lafayette this week. He was thinking in terms of an informal, community get together like in the days of the old band concert in the park.

Here are a few of the replies:

KATHERINE SCHUTT:

Yes, I believe a program of this type would be appreciated as well as needed by the community.

MRS. TOM BOOTHE:

The idea is very fine, if it would be conducted in the middle of the week so everybody could attend because, the week ends are so busy for the majority of people. Any kind of outdoor program in the summer would be appreciated.

MRS. CHARLES CHATTIN:

I believe a program of this type would be fine if enough people could be interested and enthusiastic enough to make it into a community project. A variety program would bring the greatest amount of interest.

MRS. PAUL PEASE:

I think things like that are very nice and a variety program would be my choice of entertainment. By that, I mean a different type of show every two weeks.

MRS. FRED R. MORROW:

Any type of thing in that direction is good if it consists of good content and variety for the family and the youngsters.

MRS. HARRY M. LEIGHTON:

I think a variety program for the children and the young people would be desired to keep them out of childish mischief. I don't think anything like this would be necessary for the grown-ups as they can keep themselves occupied.

HAROLD McCRUM:

I don't know. I presume some people would go for it, others won't.

Memo to Candidates

Memo to George P. Miller, Robert Friborg, Clifford Anglim, George Miller Jr., Joe Meyers, Jack Cummings— and other candidates in the recent election.

The citizens of Orinda, Lafayette, Moraga, Canyon, Walnut Creek take great pride in their communities and the appearance of their countryside. Most of us have moved here because it's a wonderful place to live and an extremely beautiful section of country. We love our tree-clad hills, and beautiful valleys and from our cars we feast our eyes.

But a recent addition to the countryside that hardly lends to its beauty is your many bright colored election signs platered on telephone posts and other spots.

We realize they are essential to carrying on a political campaign and do not condemn them as such. But now the campaign is over, we ask that each of you take it upon yourselves to remove them. Perhaps you can all get together and hire the poster's union to take them down at one time.

Whatever method you select is unimportant. The essential idea is that they do not remain there indefinitely, becoming tattered and faded and eventually in a couple of years fall off. There is no justification for this. You put them up; we sincerely believe it is your responsibility to remove them — and at the earliest possible time.

Whether you won or lost, this in its own litIte way is a test of your regard for the people of our communities.

The precedent has already been set by Jack Pedder, unsuccessful candidate for supervisor. He has removed all his signs.

And when the general election is concluded, we hope that Clarence Erickson and Robert Condon, candidates for assemblyman, will follow suit.

We thank you in advance for your consideration . . . .

DON'T BE LEFT OUT ON A LIMB!

Captain Sandford Sez:

This one is true and it will knock you for a row of gooseberry bushes. You'll think I'm nuts. I know I am and I sure am enjoying it.

One day while riding my horse on the north side of the highway I decided to go over to the Post Office and pick up my mail. I spotted a friend who agreed to hold my horse for me.

I managed to cross and recross safely and there I was approaching my horse, groping in my pockets. You will never guess what for. Anyhow I found it.

And only when my friend handed the reins to me did I realize that I didn't really need it. It was my automobile switch key. Nuts, I sez.

Saturday lunch at Henry's "Mayflower" in Lafayette with free floor show, believe it or not . . . and some show at that. Young girl in abbreviated sun suit on a step ladder cleaning the windows of a store across Diablo Boulevard.

All the young men in a perfect dither admiring the spectacle, and criticizing the technique of the performer. And some of the old geezers cocking a keen eye too, believe it or not. And that might even include me?

The highway becomes more dangerous and menacing each day. Many people have spoken to me of the situation. I notice that when traveling in a westerly direction and endeavoring to turn left at Acalanes Road a number of fast drivers coming up behind sound their horns vigorously and accelerate to very high speeds with the intention of passing to the left of me and preventing my left-hand turn — this although the remainder of the road is free of traffic.

Such drivers sound their horns in a vigorous and peremptory fashion. I believe that driving the automobile with care and precision is much more intelligent and important than parking on the horn button.

A considerable number of out of State automobile licenses in this area show a decidedly growing interest in our community. This situation will increase steadily and when real production begins the development of this locality will be spectacular.

Shrewd merchants should take note of this and make proper plans so that they do not miss the bus.

Hageman Signs up Two Smith Brothers

The Lafayette softball team is in the thick of the pennant fight at Walnut Creek and its chances are greatly abetted by the Smith brothers, George and Doug.

Credit for signing of the two "finds" goes to none other than Jack Hageman, who signed them up with his full stamp of approval based on a friendship that started away back when in Hollister.

JACK — THE ATHLETE

Jack was a renowned athlete in his own right not so long ago and has the ability to spot athletic prowess in others.

The Smith boys have done a great deal to bolster the local nine and Jack wasn't fooling when he said they would do all right!

DRAWS CROWDS

Softball continues to draw the crowds at the Walnut Creek park and interest is at an all time high.

As per usual umpiring comes in for its share of discussion with the men in blue taking a verbal beating for the most part.

We heard a classic remark not long ago when a baseball fan said, "An umpire never makes a many errors as the players do."

There is food for thought there at that!

Your Garden IN LAFAYETTE AND ORINDA

BY CONSTANCE HANSEN

The Epiphyllums, or orchid cactus, are top-ranking stars in the June flower parade, and while they are strictly pot-plants, still they can be an important part of the decoration of the outdoor living room. Mrs. Frank L. King of Happy Valley has a large collection of Epiphyllums, which she grows to perfection, and for which, moreover, she has a perfect setting.

The long, low house is set high in the side of the hill above the frost line, with the dining and living room windows shaded from the morning sun by the roof overhang, that covers the loggia, which is about 12 feet wide and forty feet long. The walls of the house are soft brown stucco, an unobtrusive but pleasing color, and one which makes a delightful background for the flamboyant colors of the Epiphyllums.

The showiest plants are the ones in pots between the posts along the edge of the loggia, flaunting their tremendous irridescent flowers of cream, orange, scarlet, or cerise all around the pots, and seen from the living room window against the backdrop of the distant mountain and surrounding hills. But I also like the pattern made by one of the plants with long-growing "leaves", or the flat stems that pass for leaves, that is being trained directly against the wall of the house. The handmade Mexican unglazed pottery seems to be the most suitable of containers for these plants, but you don't really see the pots, the flowers are such an attraction.

A FEW POINTERS

I asked Mrs. King for a few pointers on growing these South American and Mexican plants and she told me one important thing to bear in mind especially, is the fact that they are not dry land cacti, but come from the rain forest regions, where they grow as epiphytes in the crotches of trees, much as orchids do, and thus, they can take a lot of water, but must have perfect drainage. She likes to use leafmold for potting soil, with a little rotted manure for well-established plants. They can be fertilized once a month during the growing season with manure water or a commercial fertilizer.

They are easily propogated from stem cuttings taken during the summer. Mrs. King said that if she finds a stem which has been broken off, she simply picks it up and sticks it in the nearest pot, and it's left there usually until it starts to bloom, when she notices it doesn't match the rest of the flowers in the pot, and moves it to a container of its own.

It takes a rooted cutting about two years before it begins to show what it can do in the way of bloom, though they often flower in a year.

CULTURE NOTES

Epiphyllums like plenty of light, but need to be protected from the direct sun. They make good houseplants, where they can be grown in a window with east or north exposure. In The Cactus Book by A. D. Houghton, the author tells of the wonders possible to attain by hybridizing these plants, and mentions that it would make a good hobby for a "shut-in."

Mrs. King told me she started her collection a number of years ago while immobilized by an attack of TB; tending and watching the development of the cuttings which the members of her family brought in from time to time was a welcome distraction, and started the interest which is still strong.

According to Mr. Houghton, the Epiphyllum flowers come in an assortment of colors and shades not found in any other single plant family; they range in every color from white to brown, and from baby pink and sulphur yellow to rich, metallic purple, with petals from a few lines to one and a half inches wide. He advises giving plenty of water during the active growing season, which is in the summer, and watering sparingly during the cold months. Never allow the plants to stand in wet soggy soil.

PROLONGS SEASON

In a representative collection, plants may be had in bloom through April, May and June. Mrs. King prolongs the season by keeping some plants back in the cool lath house, bringing them out to take over the show as the earlier varieties go by. Earlier blooms may be had by growing some plants in the house. Where temperatures drop below 32 degrees in winter most epiphyllums will have to be moved indoors. They can be kept in an unheated room, and watered lightly once a week.

The one Epiphyllum in my "collection" is the hardiest one, the "Ackermanni hybrid," with medium-sized orange flowers. I've had it outside summer and winter for eight or nine years with no frost injury, with occasional temperatures down to around eighteen degrees.

There are hundreds of varieties to choose from, since hybridists have been working to produce them for over twenty-five years. Some recommended as choice are: Londoni, white and slightly fragrant; Fortuna, large lavendar pink; Sunburst, orange with red center; Conway Giant, with 10-inch red flowers; Blaue Flamme, irridescent blue sheen over blazing red; Professor Ebert, purple and violet. An old favorite, and a very floriferous one, is the small-flowered pink Empress or Deutsche Kaiserin, which is charming either as a hanging basket or in a tall fern stand.

GUESTS FROM KANSAS

Guests at the Carl DeTar home this week are Mr. and Mrs. Melvin Reitzel and son Howard, of Eudora, Kansas. Mrs. Reitzel is Mrs. DeTar's sister. Before coming to Lafayette they visited for a week in San Diego with Mrs. Reitzel's brother and family.

El Rey Heading for First Half Honors In Walnut Creek Softball League

On the basis of play to date it appears that El Rey is well on its way to copping first half league honors in the Walnut Creek Softball league.

Although the first half does not end until July 9th, it would take a series of upsets to topple El Rey from the top spot as the team is undefeated to date with all others having dropped two or more games.

All teams are rounding out their rosters and it's anybody's ball game from here on in.

RED HOT CHUCKERS

Gil Sousa is the mainstay of the El Rey nine and has proven to be a top chucker. Harry Dunham of Lafayette, has taken up where he left off last year and is as tough as ever to beat.

A bit of hitting by his team mates will definitely put the locals in the championship picture.

Stans Brickhouse, Walnut Creek Legion and Tiny's Hut have all added new players and fans should be in for a series of fast games.

THE SCHEDULE

Friday the Lassies take over with an exhibition to be followed by the W. C. Legion and an outside team.

Monday the Service Clubs meet with league play resumed when El Rey and Legion cross bats.

On Tuesday the Junior league plays the opener with Arthur's vs the Lions and Stans vs Lafayette in the main event.

Wednesday it's blackout as fans trek to the Oakland Ball park where the evening's game is dedicated to Walnut Creek.

Local Nine Takes Walnut Creek 4-1

Lafayette Legion nine defeated Walnut Creek by a 4-1 score in a game played at Concord High School last Saturday morning.

Forrest Borghesani and Dave Johnson turned in some good pitching to hold the opposition to three hits and a single tally.

Lafayette had but three hits on singles by Art Johnson and Lloyd Torchio along with a double by Dave Johnson, but the blows came with men in scoring position.

Borghesani worked the first four innings and kept three hits well scattered. Johnson took over in the fifth and set down 13 out of 15 batters facing him via strikeouts.

The local nine also registered two fast double plays to help the cause.

Harold Dunbar did the catching.

Gonzales and Powell pitched for Walnut Creek with Porter catching.

Silverman Speaks At Editor's Confab

Herman Silverman, editor of the Sun, served as moderator and also spoke at the weekly newspaper section of the annual Editor's Conference at Stanford University last week end. Mrs. Silverman, associate editor, attended the various meetings.

At the weekly section, editors throughout the state heard five men discuss practical editing problems and community service projects. Silverman handled one of the topics.

In March, he was appointed to the Conference's program committee by James Safley, managing editor of the San Diego Union. The committee of seven prepared the program at a meeting at Stanford in April.

Attending the conference from this area were Dean Lesher and Bus Buskirk of the Walnut Creek Courier-Journal, and Mr. and Mrs. Lyman Stoddard and Lyman Stoddard Jr. of the Walnut Creek Kernel.

Legion Nine to Face Pittsburg

The next Lafayette Legion game is scheduled with Pittsburg and will be played at St. Mary's College at 11 a.m. Sunday.

Dave Johnson, undefeated in high school or Legion league play, will be on the mound. Tabbed as a comer, Dave is already catching the eyes of the scouts despite the fact he is just seventeen and has a year of high school play ahead of him.

FROM THE SIDELINES

By Coach Erwin Mattson

We notice where the Pacific Coast Intercollegiate conference has placed renewed emphasis on its "purity" by assessing fines on various members for violations in securing and aiding athletes.

A great to-do is made over the fines levied each year when in reality no school would be forced to refrain from proselyting on the cost basis.

LIGHT FINES

An assessment of $2500 is looked upon as a top fine with most cases being below the $1000 mark. It doesn't really offer much of a threat when a single football gate often runs into a quarter of a million dollars or more.

All in all, it's a gesture towards "purity" rather than a real attempt to enforce the code which has been set up.

In the first place the only violators who get caught are the careless ones.

In the second place it doesn't mean much if you do get caught and in the third place what is really wrong with an athletic scholarship?

COUNTY AIR CLEANER?

We happened to have occasion to be in the dressing room of the All-Counties team after the All Star game played in the Oakland ball park some time ago.

It was interesting to note the attitude of the boys to the committee's selection of the two players who were to make the trip to New York in pursuit of further baseball honors.

Maybe we are prejudiced but we thought that we could detect a great difference between the outlook of the city and county boys.

SELECT CITY BOYS

As a matter of record, two city lads, Gene Re of San Leandro and Bob Hill of Oakland Tech won the top awards.

Listening to the comments of the country boys we found an expression of approval and best wishes. In general the city lads gave the judges' decision a going over and in several instances gave vent to the feeling that they themselves should have been chosen!

OVER CONFIDENCE

In practice the city boys were far surer of themselves and to our way of thinking missed the thrill of the "even-being-selected" feeling of the country lads.

The city boy has far fewer chances with only a small percentage able to take part in any particular activity. Crowded conditions and limited facilities make his a constant struggle plus the fact that he comes to know only a small percentage of his school mates.

All in all, he becomes worldly wise all too soon and becomes hardened at an early age in the struggle for survival.

Coaches and players meet seldom, except on the practice or game field and in general lack a real understanding of one another.

It all reflects itself on such occasions as in the All Star game.

New Paint Job for Grammar School

In addition to a general going over, the exterior of the Lafayette Grammar School will be repainted this summer and the tennis courts will be resurfaced, W. B. Ellis, school superintendent, stated today.

The exterior paint job, started last summer, will be finished this year, he said. At Vallecito School, surfacing work will be continued and a curb will be constructed around the flag pole circle.

Sun Valley Septics Beat Orinda Boys

The Sun Valley Septics maintained their chain of victories and moved into the lead of the Contra Costa County Sanitary District when they downed the Orinda Lions 15-8 in a softball game played last Friday at the Orinda Grammar School.

Displaying power at the plate, the Septics had big innings in the first, fourth and sixth to run up an insurmountable lead over the Orinda team. Seepage Semmes Gordon, with four hits in four trips and Stinky Stan McCaffrey with two home runs led the Sun Valley attack. Bill "Nature Boy" Worden, Lions' captain and pitcher, banged two homers for the losers but was unable to stop the flow of the Septics' scoring.

Castoria Carson Magill played tight ball at third for the winners while Joe Sanitary Sherman was flawless at short. Arnold Tank Thompson was impervious at second and Hermie the Head Jonas let nothing through in the outfield. Jim Plunger Pangborn pitched effectively and cleaned out the Lions batting stars with a minimum of effort. On the whole the Septics were uncanny.

The Septics meet the Walnut Creek Kiwanis in a return game on Friday evening, June 25th, on the Walnut Creek Grammar school grounds. A colorful contest is promised.

When Is Hole in 1 Really a Hole in 4

Two Orinda Country Club golfers most likely to make a hole-in-one, maybe, are Keith Johnson and Paul Wylie.

It all started this way. In the case of Johnson, it was on the terrible 123-yard 8th hole. The situation was tense . . . the swing and the ball took flight. The ball landed on the green and teetered on the brink of the hole.

A blade of grass changed a hole-in-one into a hole in two.

Wylie's situation was a little different. He doesn't know whether to call his a hole-in-one or a hole-in-four.

On the 15th he teed off and ended up out of bounds. Then, the next one went in the creek. Fighting mad he tried again and the ball went in the cup for the only hole-in-one in four shot on record.

Aw, Heck, Anyone Can Putt 173 Yds.

That the Orinda Country Club links are really tough, has been its reputation with out-of-town golfers. But they'll never believe this true story of a 173-yard putt.

It all started in the recent "Spanish and Indian team match" when Bill Figroid stepped up to the 173 yard 15th hole and said to his caddy, "Give me the putter."

To the amazement of the bystanders he took a lusty swing and socked the ball within 6 feet of the hole. Then he sank the putt for a birdie.

As you were saying, "Anything can happen on the Orinda Links and usually does."

SOUTH, THEN NORTH

Pattie Morris is visiting friends in Los Angeles for several weeks of her vacation. Following this visit, she will join her brother, Richard, for a trip to Garberville in the Redwoods as a guest of Mrs. Helmond.

Fellowship Circle Hears Message

The Women's Fellowship Circle, of the Mission Covenant Church, met at the home of Mrs. Sigurd Lassen on Crescent Drive, Tuesday, June 15th.

Mrs. Robert Ball was co-hostess at the meeting and the speaker was Mrs. L. R. Martins, who gave an inspiring message to the group.

Ruth Nelson, student at Multnomah Bible Institute, was a visitor at the meeting. Miss Nelson is the niece of Mrs. Ed Peterson of Boyer Circle.

Guests present were Mesdames Soren Neilsen, Don Huff, Ed Peterson, L. Dahlberg, Fred Davidson, Clifford Nixon, Edith Reese, Art Stephenson and Misses Edythe Neilsen and Amy Ayres.

Refreshments were served during the evening.

ON FISHING TRIP

Mr. and Mrs. Shirley Peakes and son, Robert, took off Wednesday for the Redwood country for a fishing trip. They'll be about 12 miles out of Garberville and plan to return after the July 4th holiday.

GUESTS DEPART

Mr. and Mrs. H. L. McCurdy, parents of Mrs. L. R. Winn, returned to their home in Loma Linda, California, following a two weeks' visit at the Winn residence on Moraga Boulevard.

Observe all traffic signs and live much longer.

Bond Issue Recommended to Finance Highway Construction in County

The County Committee of Special Planning has recommended a bond issue of $5,000,000 to finance highway construction within the county and also asked for a substantial increase in road funds in the coming fiscal year.

In this report filed with the Board of Supervisors it was stated by the committee, "that this bond issue is not a cure-all for county road ills but rather an expediting measure to assist in bringing the entire road situation, now approaching a critical state, up to somewhat near the immediate needs."

ADDITIONAL MONEY

It was also pointed out by the committee that such an issue must be in addition to the regular budget and any expected outside aid. The committee went on farther and stated that the county road situation should be integrated with an overall state plan for the future development in county and state roads.

The committee praised the board of supervisors for their attempts to obtain outside assistance for major county road problems and agreed with their stand, that the largest county in the state must have its proper consideration in road planning.

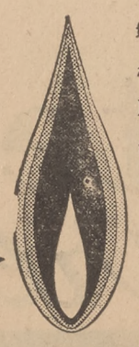
without S-T-R-E-T-C-H-I-N-G your PLANS (OR POCKETBOOK)...

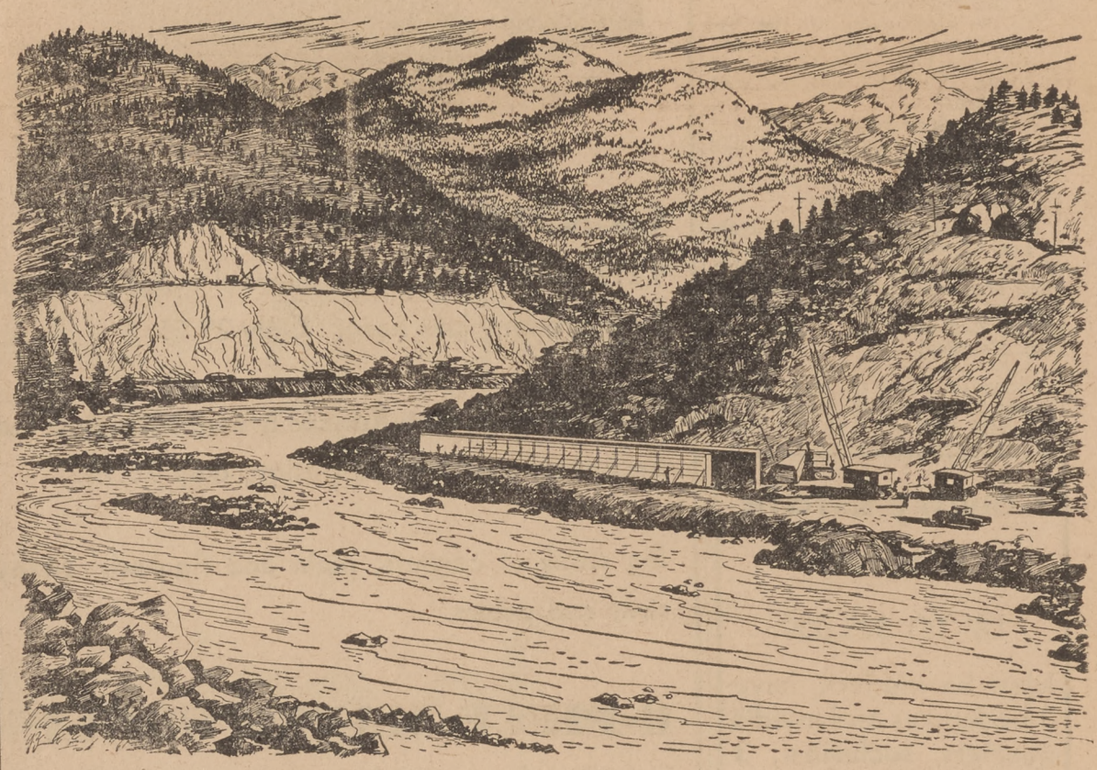
"First things first" applies to home planning these days as never before. Here are four *essential* home comforts that gas fuel provides at only a small fraction of your total home investment: fully-automatic, flame-perfect *cooking;* silent, healthful *refrigeration;* automatic *hot water service;* clean, effortless *house heating.* To help you plan a full measure of satisfaction from these four basic gas conveniences, a "Coast Counties" representative offers friendly counsel. Why not telephone us or drop in?



➤ COOKING ➤ WATER HEATING ➤ REFRIGERATION ➤ HOUSE HEATING
... are the 4 basic benefits GAS "brings home"

COAST COUNTIES GAS and Electric Company

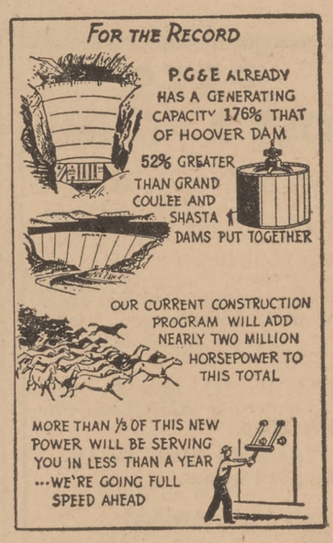
How to dam a mountain river



Feather River trout are getting a new stream bed temporarily, as the first step in a power project that will soon create 270,000 new electrical horsepower for Northern and Central California. This is the site of P. G. and E.'s Rock Creek Diversion Dam, near Belden...and work is going ahead rapidly with many interesting engineering tricks speeding progress. For example:

While the river splashes in its new channel, a small rock dam keeps the main river bed dry. Once the large dam is complete, water to turn generators will be carried to a powerhouse down stream through giant tunnels.

Architect's sketch shows how the dam will look. It's one of two dams on the Feather River which will start delivering power by the Fall of 1949. Meanwhile, P. G. and E. is rushing all construction at a rate of over $10,000,000 a month.



FOR THE RECORD
P.G&E ALREADY HAS A GENERATING CAPACITY 176% THAT OF HOOVER DAM
52% GREATER THAN GRAND COULEE AND SHASTA DAMS PUT TOGETHER
OUR CURRENT CONSTRUCTION PROGRAM WILL ADD NEARLY TWO MILLION HORSEPOWER TO THIS TOTAL
MORE THAN ⅓ OF THIS NEW POWER WILL BE SERVING YOU IN LESS THAN A YEAR ...WE'RE GOING FULL SPEED AHEAD

Work never stops on our power-building program

Helen Goodwin Marries Glen Haydon In Ceremony at Orinda Church

In the flower-bedecked chapel of the Orinda Community Church Sunday afternoon Helen Goodwin became the bride of Glen Haydon.

The ceremony was performed at 3 p.m. by the bride's uncle, Reverend Ted Goodwin. Helen is the daughter of Mr. and Mrs. Paul Goodwin of 49 Via Farralon, Orinda. The groom is the son of Mr. and Mrs. Glen Haydon of South Carolina.

The bride was attended by her sister as maid-of-honor, Ann Goodwin. And she was given in marriage by her father, Paul Goodwin.

The bride was beautiful in her street-length dress of white eyelet organdy and carried white daisies. She wore a large picture hat to match her dress.

The maid-of-honor wore a yellow dotted swiss dress and a wreath of yellow correopis in her hair.

The groom had as his best-man, Leonard Hughes, a very close friend.

The parents of the bride were both present and the mother of the groom came cut from North Carolina for the wedding.

The reception was held following the ceremony at the home of the bride's parents in Orinda. The young couple then left on their honeymoon.

The honeymoon is to be a six weeks auto tour of the United States and they will visit in North Carolina for about two weeks. They will then return to California and make their home in Berkeley.

Helen graduated from the University of California in the June class and Glen was a graduate student there also when they met.

Country Club Has 20 New Members

The Orinda Country Club has announced the list of 20 new members that have joined recently.

New regular members include Robert H. Bolman, Edgar J. Malmgren Jr., Douglas M. Pratt, Norman C. Rabb, J. Howard White, Otto N. Rothlin, Alfred L. Meggs, Dr. D. W. Stomberg, Wm. H. Foster, Arthur C. Christiansen, Dr. Marls C. Green, Theodore E. T. Haley and W. G. Ledgett

New social members are James D. North, Frederick Repp, Hugh H. McIntyre, Louis B. Ambler Jr., Joseph N. Ghirardelli and Frank A. Olson.

VISITS DOWN SOUTH

Young Billy Mott returned Saturday from a week's visit at Huntington Beach with his aunt, Mrs. Mason Whitney, of Berkeley. This was his first visit away from his own family.

Mrs. Noble Wins Club Golf Title

The Orinda Country Club Ladies Golf Championship Matches came to grinding halt last week and produced the new champion, Mrs. Ruth Noble.

Mrs. Noble was in excellent form and according to golfers was unbeatable on the day of the play-off. Mrs. Noble defeated Mrs. Marion Randall, the defending champion, 3 and 2, for the title. Medalist honors were taken by Mrs. Barbara Hale with a score of 81.

County Fair Called Off

The Contra Costa County Fair, staged annually in Antioch, has been cancelled this year due to the inability of the State Department of Public Works to complete construction necessary for the operations, according to Secretary-Manager Norman Sundborg of the Agricultural Association.

New site was bought over a year ago, but the heavy building program for other state agencies delayed the fair program, Sandborg said.

Plans for the Fair Ground construction amounting to $131,000 will proceed to insure adequate facilities for the 1949 fair.

FRACTURES RIGHT ARM

While visiting in San Francisco recently, Paul Jacob, Jr., son of Mr. and Mrs. Paul Jacob, fell and fractured his right arm. He was treated by Dr. C. L. Feiler and is now convalescing at his home at 48 First Street.

Benefit Show Tickets on Sale

Sale of tickets for the Third Annual California Highway Patrol Benefit Show, scheduled for Monday night, June 28 at Contra Costa Stadium in Pacheco, is meeting with enthusiastic response, Highway Patrol Captain George A. Belon announced today.

Tickets may be obtained from any highway patrol officer. All proceeds go to the Widow's Orphans Funds of the patrolmen's association.

HORSEBACK PARTY

Ellen Cianciarulo entertained some of her little friends Monday afternoon with a horseback riding party. All the guests wore jeans.

RETURN HOME

Mr. and Mrs. Fred Elkinton returned from a visit in Los Angeles with their son and young family.

Here and There in Orinda

RECUPERATING

Frances Groves is convalescing from an operation in the Herrick Memorial Hospital. The operation was on both feet to correct some bone misplacements.

TO STRAWBERRY

Mrs. Evelyn Sonnie and Mrs. Paula Collings left Tuesday to spend the rest of the week at Strawberry Lodge.

AT CAMP

Bob and George Harrison, Ed Gathings, Chuck Gompertz and Tommy Veitch report they are having a swell time at Lokoya Boys Camp in the Napa Valley.

AT BALBOA

Mr. and Mrs. Ken Stringer are enjoying "southern hospitality" at southern Cal's famed resort, Balboa.

OUR FIRST—paid for, too!

Our Savings Account took care of that!

"I learned thrift from my father. 'Always try to bank something,' he said. I always have. What a help that savings account has been! Now, *my* son will learn thrift from *me*. I've already started *his* Savings Account. Right now it's small—like him. But both will grow. Saving is good sense at any age—for everybody."

AMERICAN TRUST COMPANY
BANKING *Since 1854*

Lifetime safety for family films
Prints can't be replaced if *films* are lost. They keep baby's films, birth certificates, marriage license and bonds in a nearby American Trust Company Safe Deposit Vault. Inexpensive lifetime protection against loss or damage.

His Will plans their future
Accepting responsibility, he planned distribution of his estate through his Will. His Will is to be kept up-to-date, in consultation with his attorney and a Trust Officer of this Bank.

Now she uses a checking account
No time now to pay bills "in person." Checks do it easier. Besides, cancelled checks prove all payments. Check stubs keep finances orderly. Her checking account is near her home in an American Trust Company office.

Bankloan Plan finances appliances
Without disturbing their savings account, they can buy home appliances out of income, through an American Trust Company Bankloan. Bankloans are easy to arrange.
